

# How to get to DAY OF SURGERY UNIT

If you are having surgery or an endoscopy procedure, you can get dropped off, and picked up, at the door of the Day of Surgery Unit.

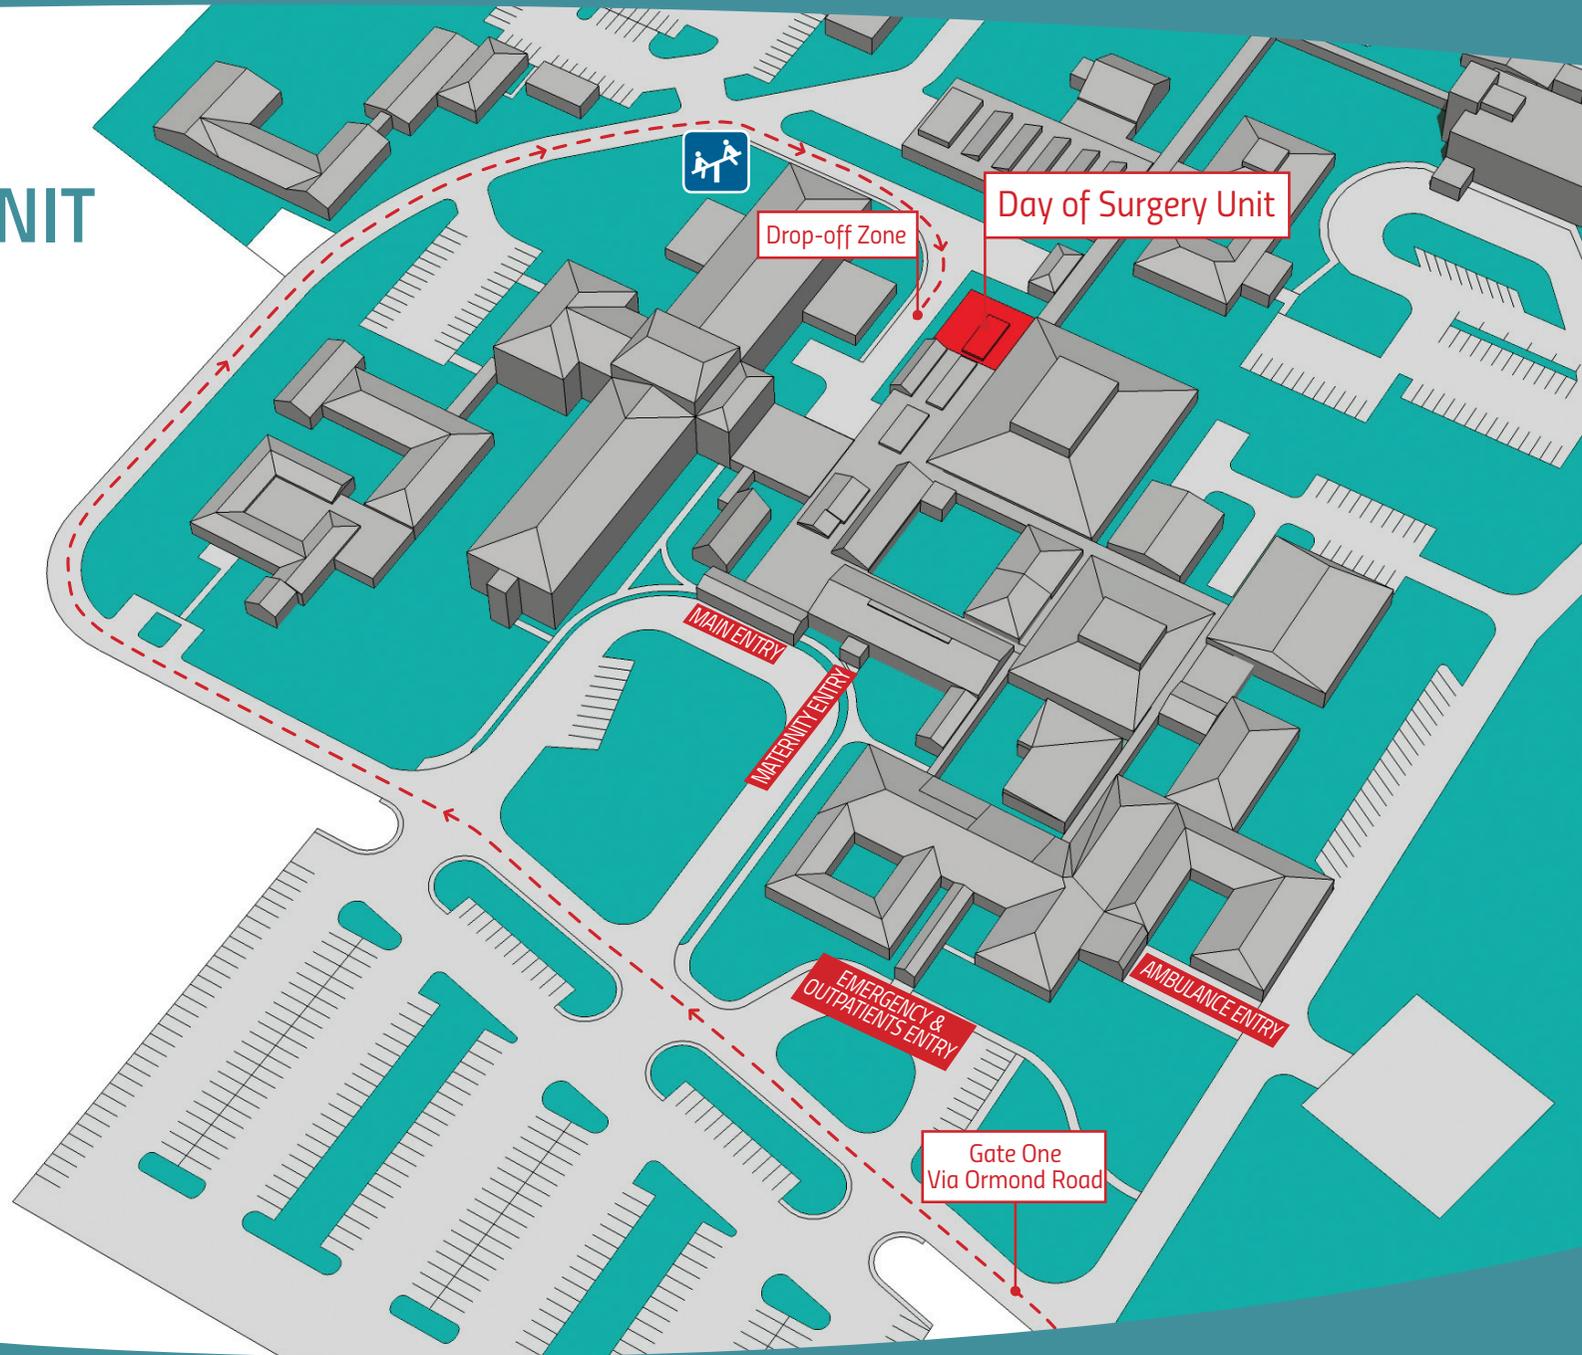

Just use Gate 1 Gisborne Hospital entrance, drive past the Emergency Department and the main entrance to the hospital buildings.

Follow the signs around the back of the buildings past the ward blocks and the playground to the Day of Surgery Entrance. There is wheelchair access.

There are six car parks outside the entrance for dropping off and picking up patients only.

The main car park out the front of the hospital is for longer parking.

**Phone 06 869 0500 if you have any questions.**
